

MassHealth Doula Services Information

MassHealth now covers doula services for eligible members across Massachusetts. This benefit provides families with access to professional birth and postpartum support at no additional cost.

Through this program, clients working with approved providers, like Webbe Doula, can receive care that includes:

- Two prenatal visits focused on birth planning, education, and comfort techniques
- 24/7 on-call support starting at 37 weeks until birth
- Continuous labor and birth support (home, hospital, or birth center)
- Two postpartum visits for recovery, newborn care, and emotional support
- Referrals for mental health, lactation, and community resources

In addition, Webbe Doula offers one complimentary 60-minute massage session for MassHealth clients to support relaxation and recovery.
